

# TRIBALISTE

A STUDIO BY NICH

Collections 2026 – 2027

I don't make carpets. I make *objects you walk on*. Each piece begins as a drawing, a line, a grid, a field of texture, and ends as a surface with weight and intention.

— Nich

## THE STUDIO

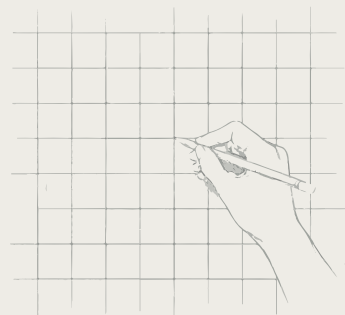

Tribaliste is a creative studio founded by Nich. We design hand-knotted rugs, made to measure, drawn in the studio, produced one piece at a time, for interior designers and showrooms worldwide.

## HOW WE WORK

### *01 – The design*

Start with a collection. Every pattern is drawn by hand in the studio.

### *02 – The colorway*

Define the palette from our wool range.

### *03 – The dimensions*

Choose a standard format, or create a rug with entirely bespoke dimensions.
